

O'Sullivan Plasterers Ltd

Health and Safety Policy:

O'Sullivan Plasterers Ltd is fully committed to the objective of accident prevention by providing safe work places for all employees, sub-subcontractors and other personnel who may be affected by business activities. It is also mindful of the need to avoid damage to its property and equipment and its responsibility to protect the environment.

Our Company is committed to comply with all relevant health and safety legislation as a minimum ensuring we continually improve health and safety performance through appropriate initiatives, controls, provision of financial resources and training of employees where applicable and required.

Management objectives and goals are established and reviewed on a regular basis to maintain our Health & Safety Policy. These include:

- Setting annual targets towards a zero accident rate
  - Identifying and assessing work place hazards applying the necessary control measures in a consistent manner at all times
  - Ensuring all employees receive appropriate training so that they are able to carry out their duties in a safe and efficient way
  - Providing suitable supervision along with the necessary instruction and information
  - Arranging for comprehensive and effective consultation between the Directors and employees/sub contractors regarding all matters concerning Health and Safety at work
  - Incorporating health and safety considerations in the design of products and services
  - Monitoring and reviewing Health and Safety activities on a regular basis
- implementing any necessary improvements when and where appropriate

Our Company recognises the requirement for all employees and sub-subcontractors to be fully committed to the application of this policy. O'Sullivan Plasterers Ltd and it's Directors are committed in creating advocates of our Health and Safety policy.
